Culture Tour Guide Request	3

Cultural heritage commentator can only be requested when it is a group of over 30 people.

You must request 7 days before visiting Yeosu city, and the results are told by phone, so you must enter correct information.

When the visit is cancelled or changed, please contact the tourism department. When there are too many reservations for cultural heritage commentators, then it may become difficult to get one assigned to your group. The commentary hours can be adjusted depending on the tourism season and the weather.

Steps to take for having a cultural heritage commentator assigned to your group
